

Sales Representative

Emterra Environmental is looking for a dynamic and proven Sales Representative for Metro Vancouver's industrial, commercial and institutional markets. The successful candidate will lead sales initiatives and activities to increase market share in the recycling, organics and waste collection industry, as well as provide ongoing customer support. This is an outside sales position requiring superior organizational and managerial skills, coupled with a sales-driven and results-oriented attitude.

If you are looking to work with a waste diversion industry leader who offers competitive salary, benefits and commissions, then we want to hear from you.

Emterra Environmental has been pioneering the recycling and waste diversion industry in Canada for 35 years. Our mission is to transform waste into resources by providing comprehensive and sustainable waste and recyclable resource collection and processing services for the residential, municipal, industrial, commercial and institutional sectors.
